

## Introduction to Medicine

### A residential course for A-level students

This course sets out to inspire and challenge you in a non-competitive environment, mixing with like-minded students from across the UK and tutored by two subject experts. Participation can be acknowledged under *Preparation for HE* on your UCAS application form.

#### Objectives

- To explore some of the different disciplines involved in studying for a medical degree
- To gain an insight into what a doctor does
- To provide support and advice on applying to medical schools and interviews

Students should be studying Biology and Chemistry at A-level, have an interest in health and the human body and considering a career in medicine.

#### Format

The course will be delivered using a variety of methods, including lectures, workshops, presentations, class discussions, In addition, there will be an opportunity to visit a medical school and participate in some workshops.

Please see the provisional programme overleaf although the course content may change.

#### Tutors

The course will be delivered by members of the Brighton and Sussex Medical School.
